Additional information: Spain 1 is an espadrille assembled in Spain. Therefore, we have designated Spain as the country of origin. The finished sole is coiled jute imported from Bangladesh. The upper is made of dyed cotton cloth, which is cut and sewn onto the sole by hand using a characteristic blanket stitch in a contrasting color. At the toe there is a small area of contrasting overlapping stitches that are both decorative and strengthen the toe of the shoe. A thin rubber sole is vulcanized over the coiled jute sole. The jute sole is made up of two layers sewn together through the width of the sole. The cordage used in the coils has an S-twist and is plied.
